ETC, ETC

Our New Catalogue.

In presenting this, our first Catalogue, it is with the belief that those who favor us with their orders will be so pleased with our prompt, liberal way of doing business that a continuation of their favors will be assured.

OUR STOCK is true to name and entirely free from insect pests. All the varieties offered have been grown and selected with a special view to their adaptation to the soil and climate of California.

BULBS.—These have been selected with the greatest care. Our Holland Bulbs have been imported directly by us from the most reliable growers. They are this year unusually large and fine.

FLOWER SEEDS!—We have now in stock the choicest collection of fresh flower seeds ever offered on the Pacific Coast. Some of them have been grown in our own bright clime, while others have been imported from reliable French and German growers.

PLANTS.—These have been grown at our extensive Blanding Avenue nurseries in Alameda, where constant watchfulness is exercised to prevent the propagation of weak or imperfect stock.

MISTAKES.—It is our constant aim to fill orders correctly in every instance, but should mistakes occur, it is only necessary to give prompt notice of the fact and circumstances, and correction will be made without delay.

PACKING.—Our packing is done by those experienced in the art, and it is rare indeed that there is a complaint of even the most delicate plant suffering by removal.

SHIPPING.—For obvious reasons, plants especially should be ordered sent by express, wherever at all practicable.

MAILING.—Since the recent reduction of postage on plants, seeds and bulbs to 8 cts. a pound, this branch of our business has largely increased. It is often a great convenience to persons distant from express offices, or to those only needing a few seeds or plants to be able to secure them safely in this way.

THE NAME AND ADDRESS.—In ordering be extremely careful to write your full name and address very plainly. Attention to this clause will obviate much confusion and delay.

MONEY SHOULD BE SENT either in the form of a Money Order, Bank Draft, Express Order or Registered Letter.

Respectfully,

CARBONE & MONTI,

SAN FRANCISCO, CAL. 343 KEARNY STREET.

THE BRIDE

Holland Bulbs.

There is perhaps no country in the world where Holland Bulbs give more satisfactory results than in California. Our peculiar soil and climatic conditions secure the greatest size, brilliance and abundance of blossoms. The rapidly increasing demand for this class of bulbs has induced us to secure a much finer collection than has ever before been offered on this Coast.

We offer only first size, well ripened bulbs, as these are much more satisfactory both to us and to purchasers than those of uncertain size and maturity, though the latter may be sold a few cents cheaper.

To obtain the best results, Holland Bulbs should be ordered and planted as early in the season as possible.

HYACINTHS.

Hyacinths.

These old favorites have been much improved of late years. Their symetrical spikes of exquisitely fragrant blossoms with clear, rich colors are ever welcome heralds of the joyous spring time.

Plant as early as possible in the Fall in borders or groups. If planted in pots, they should be stored away in the dark until plenty of roots have been made, then gradually brought into the light and air. They may also be flowered in glasses. Place the bulb so that its base just touches the water, and set it away in the dark. As the bottle fills with roots gradually remove it into the light. The water should be changed every few days without removing the bulb from the glass.

Prices { Named varieties, single and double, assorted. Purchaser's selection, per doz $2.00
Named varieties, single and double assorted. Our selection, per doz 1.50

Large number of any one color, special price. Large collections, prices on application.

Price..... .....

ROMAN HYACINTHS.

These are the most graceful of the Hyacinths. Each bulb produces from two to four spikes of delicate white, rose or blue flowers of exquisite fragrance.

Price, per doz..... .....$0 75

Narcissus.

This from time immemorial has been "the poet's flower." Though of diversified forms they are all graceful in outline and very fragrant. Their golden and silvery white flowers produce a marked contrast with the abundant dark green foliage. Only the simplest culture is required, and the bulbs multiply very rapidly.

Assorted varieties..... .....75c. per doz.

Special prices on large quantities.

POLYANTHUS.

Grand Monarque, white.
Staten General, white.
Newton, yellow, true.
Grand Soleil d'Or, yellow.
Gloriosus, white, citron cup.
Yellow Mixed,
White Mixed,

DOUBLE.

Alba Plena Odorata, pure white, fragrant.
Incomparable, yellow.
Orange, Phœnix, fine.
Pseudo Flore Pleno, fine.
Early Roman,
Silver Phœnix,
Von Sion, yellow, Daffodil, extra fine for forcing.

SINGLE.

Totus Albus, (paper white), for early use, one of the best.
Poeticus, (pheasant's eye), true, glossy white, with reddish yellow center, fragrant.
Bulbocodium, bright yellow, forces.
Poeticus Ornatus, like Poeticus, but blooms four weeks earlier.
Pseudo, yellow Trumpet.
Trumpet Major, (spurious), yellow.
" **Minor,**
" **Maximus,** early, yellow.

Oriental Narcissus, (Chinese Lily), fragrant, white and yellow. This is the bulb commonly forced in water by the Chinese.

Tulips.

TULIPS.

These are the most brilliant of Spring flowers and when planted in large beds or borders produce a striking effect. The varieties enumerated have been selected with great care, and many of them are surprisingly beautiful. These bulbs are unusually fine.

Named varieties, per doz $0 75
Assorted colors, per doz 50

For large quantities special prices.

FOR FORCING AND OPEN GROUND.

Artus, scarlet.

Anemone.

(WIND FLOWER.)

Greatly appreciated in California for their profusion of blue, scarlet, rose, white and lavender flowers, which are produced in the most graceful and artistic way imaginable.

Single mixed, a dozen 35c
Double mixed, " " 50c

Lilies.

LILY HARRISII.

These stately beauties have not yet received in California the attention they merit. In no country—not even in France—do they produce so luxuriantly their superb blossoms. They are of easy culture generally, but a few points should be observed. Never plant them in soil which contains fresh manure; and to prevent decay, put them where the soil is moist in the Fall or early Spring.

Auratum (Golden Banded Japan Lily)—This is beyond doubt one of the grandest members of the Lily family. Each flower is composed of six petals pure white, thickly studded with brilliant crimson spots. Through the center of each petal runs a clear golden band, delightfully fragrant. When fully expanded, the flowers sometimes measure nearly a foot across, each.....25 cents $2.50 per doz.

A. Macranthum, each.....$1 50

A. Vitattum Rubrum—A magnificent new variety, clear, waxy white, with a burnished crimson s ripe through the center of each petal; beautifully spotted with crimson; very large and sweet, each.....$1 25

A. Virginale Alba—Immense white flowers, with pale yellow stripe through each petal; exquisitely perfumed, each.....$1 25

A. Wittei—Splendid flowers 7 to 9 inches across; pure white with raised spots of satiny white; broad yellow stripe through the center of each petal, each.....$1 50

Batemanniæ—A Japanese lily, growing three or 4 feet high and producing bright, apricot-tinted flowers, each.....$1 00

Harrisii (True Bermuda Easter Lily)—A magnificent variety of the easiest culture; flowers pure white, four to six inches long, produced in the greatest profusion and delightfully fragrant, each.....25 to 35c

Leicht Linii—A beautiful species of elegant habit; flowers pure canary yellow with crimson spots, each.....75 c

Longiflorum—Large, snow-white, trumpet-shaped flowers, delightfully fragrant, each.....25c

Krameri—Very distinct; large flowers of a soft, beautiful rose color, each.....25c

Elegans Alice Wilson—A beautiful new Japanese variety; large, upright flowers, six inches across; clear, lemon yellow, each.....$1 25

Elegans Semi-flora plena—An elegant Japanese variety, moderately double, large, bright yellow spotted with maroon; back of petals, orange red, each.....$1 50

Elegans (Best red), each.....25c

Elegans Incomparable—A splendid new sort; large, rich, blood-red flowers spotted and splashed with lemon yellow, each.....$1 50

Tigrinum Flore Plena (Double Tiger Lily)—A plant of stately growth, 4 to 6 feet high, with long, dark green foliage. Large, double, bright, orange-red flowers spotted with black, produced in the greatest profusion, each.....25c

Tigrinum Splendens—(Improved Tiger Lily)—Immense flowers, orange-salmon spotted black; grows 3 to 5 feet high, each.....25c

Hansoni—Flowers in clusters, petals thick and waxy; the outside streaked with white and yellow, the inside bright yellow spotted with purple; a valuable variety.....1 25

Speciosum (Lancifolium).

S. Album—Pure white; splendid and satisfactory lily, each.....25c

S. Rubrum—Deep rose, spotted with blackish red, each.....25c

Lily of the Valley.

LILY OF THE VALLEY.

Delicate, sweet-scented little flowers that not only easily win our love, but keep it forever. The tiny, white bell-shaped blossoms are gracefully suspended from a delicate spike.

Large clumps, each.....50c

Strong pips, a dozen.....35c

Amaryllis.

This is a most interesting class of bulbs, desirable for growing either in the flower garden or in pots, producing an abundance of stately, handsome flowers. They are of the easiest culture, requiring an abundance of moisture when growing, but for the greater portion of the year needing neither care nor culture.

A. Johnsonii—Flower stalk 2 feet high, clusters of crimson blossoms 5 inches in diameter; each petal striped with white; each.....25c

A. Formossisima—Free blooming, bright scarlet flowers; can be flowered in water like hyacinths, each.....25c

A. Belladonna—Silvery white, flushed and tipped with rose. This is one of the most delicately colored and satisfactory of our Amaryllis, and its general planting is strongly advised. It is almost literally true that "it will bloom under any and all circumstances;" each.....15, 25 or 50c

General Collection of Bulbs.

Babianas, mixed sorts, per doz.....$1 50
Bulbocodium, Vernum, per doz.....$1 00

THE PURITAN
COPYRIGHT BY A. BLANC

Our Roses.

"Plant Roses" is the English gardener's motto, but is none the less applicable to California, which has now come to be regarded as the Rose State of the Union. Even the sensuous old Romans, in all their luxury, never dreamed of such a profusion of fragrant blossoms as now surrounds and embowers the average California home.

Our stock is free free from insects and disease, and the varieties offered have been selected and described from personal knowledge, and are first class in every particular.

Plant in the Fall or from February to May. Cut the bush back to sound eyes turning outward. Remove all weakly wood. Spread the roots out in planting, and if any are broken, trim the ends smooth, Firm the earth around the plant well, and water copiously, being careful to surface with dry, pulverized earth. Give no fertilizer till the first growth has hardened, and only water when the plant shows signs of needing it.

NEW ROSES.

Most of the new roses we offer have been thoroughly tested in California, and are certainly welcome additions to our gardens. A few others have been selected because they give excellent promise of becoming valuable for culture here.

Prices.—1st size, $1.50; 2nd size, $1.00; 3rd size, 50c; 4th size, 25c.

Puritan (Hybrid Tea)—A very beautiful rose, buds large and numerous, delightfully fragrant, pure white, heavy waxy petals.

Luciole (Tea)—Carmine, saffron and yellow, bud large, finely colored, free bloomer.

Princess Beatrice (Tea)—A rapid grower and free bloomer, flowers fine in form and color.

Meteor (Hybrid Tea)—Light crimson, incessant bloomer, handsome flower, excellent habits.

Madam Schwaller (Hybrid Tea)—A valuable acquisition, fine round flower, rosy flesh in color, lightened at the center, flushed upon the margins of the petals, free bloomer.

Princess de Hohenzollern (Hybrid Tea)—A beautiful free blooming rose, deep red color, very fragrant.

Comtesse de Wautier (Tea)—Exterior of petals rosy-yellow, interior rosy white, centered with dark rose, slender buds.

Elizabeth de Grammont (Tea)—Color, bright rose, with coppery yellow upon the lower curve of the petals, large, good when open.

Chateau des Bergeries (Tea)—Light canary yellow, much darker at the center of the flower, well formed, fine.

Comtesse de Frigneuse (Tea)—Buds large and enduring, free bloomer, rich, deep yellow; not so double as Perle des Gardins, and is radically different in form.

Marquis de Vivieus (Tea)—Free grower and bloomer; large bud and flower, petals edged with bright carmine, graduating into light rose, shaded with yellow. A bright and showy rose.

Papa Gontier (Tea)—Splendid grower and bloomer; color, crimson-rose with a lighting of yellow, rich and odd; abrupt termination of the long buds gives them a quaint appearance.

Viscountess Falkstone (Tea)—A novelty. The flower is a careless combination of large, loose, shell-shaped petals, and is exceedingly striking, of great size when expanded; creamy-white with a rosy salmon shading; free bloomer.

The Bride (Tea)—Pure ivory white. Save in color it is identical with Catherine Mermet; the buds which are of grand size, are carried high and erect on bright, smooth stems; a good grower and most excellent rose.

American Beauty (Hybrid Tea)—A free and constant bloomer; the buds and flowers are extra large, double and exceedingly sweet; the color is deep brilliant pink, shaded with rich carmine.

W. F. Bennett (Tea)—Most excellent for forcing—not so good out of doors; deliciously fragrant, color brilliant crimson; free bloomer.

Compte de Paris (Hybrid Perpetual)—Bright crimson-red, shaded and illuminated with a purplish tint; large, brilliant and vigorous.

Madame Thibaut Aine (Hybrid Perpetual)—Brilliant cherry-rose; petals frequently bordered with white; large, finely-formed flower; vigorous.

Mrs. John Laug (Hybrid Perpetual)—Beautiful silvery pink, delicately marked and shaded; flowers superbly formed and delightfully perfumed; robust grower and free bloomer.

Souvenir de Victor Hugo (Hybrid Perpetual)—Flowers large, of good texture, and full, very bright; satiny rose; erect, vigorous grower.

WILLIAM FRANCIS BENNETT.

General Collections.

Prices—1st. size, 75c each; 2nd. size, 50c; 3rd. size, 25c. 1st. size per doz. $7.50; 2nd. size per doz. $5; 3rd. size per doz. $2.50. All these are strong out-door bushes.

TEA ROSES.

These are so generally planted that no special description is necessary. To secure the best results in Tea Roses especially, the flowers should not be allowed to remain on the bush after maturity.

Aline Sisley—Violet red, brightened with crimson maroon, full fine large pointed buds.

Anna Oliver—Creamy blush, tinted with silvery rose; fragrant large and full.

Archduke Charles—Bright crimson, center shaded with light violet crimson; large and double; stout, vigorous grower, and constant bloomer.

Bougere—Bronzy-rose delicately shaded with lilac; large, double and sweet.

Charles Rovolli—Carmine changing to silvery rose; center and base of petals clear golden yellow, large, globular and full.

Coquette de Lyon—Clear translucent yellow, medium sized, double; remarkably free bloomer.

Catherine Mermet—Bright flesh color, shaded and veined with pinkish amber, silvery lustre; beautiful buds.

Devoniensis (Magnolia Rose)—Creamy white, tinted with rosy blush, large, exquisite buds; fragrant.

Duch de Brabant—Soft rosy flesh, changing to deep silvery rose, full and sweet; good both in bud and expanded flower.

Etoile de Lyon—Bright chrome yellow, deepening to a pure golden yellow; large, double and fragrant.

Isabella Sprunt—Sulphur yellow; semi-double and a free bloomer.

Jean Pernet—Canary yellow, large, full and sweet.

Letty Coles—Soft rosy pink; beautiful buds.

Marie Guillot—Pure snowy white, faintly tinted with pale lemon, large, double, free bloomer; first class.

Marie Van Houtte—White tinted with lemon yellow, delicately shaded and veined with rosy amber; large and full.

Marchal Robert—Creamy white faintly tinted and shaded with soft rosy blush, and pale sulphur yellow; long pointed buds.

Mad. Welche—Amber yellow, center, orange yellow; large and sweet.

Mad. Joseph Schwartz—Pure pearly white; large; a constant and profuse bloomer.

Mad. Aug. Jacquir—Bright rosy carmine, shaded with coppery yellow; double and sweet.

Mad. Lambard—A shade of rosy bronze; large; a free bloomer.

Mad. Cusin—Pale rose, flushed with purplish crimson. Base of petals yellow.

Mme. Watterville (Tulip Rose)—A beautiful rose of recent introduction. Petals creamy white, edges feathered with bright rose. Fragrant and good.

Mad. Margotten—Dark citron yellow, with coppery red center. Large, double and sweet.

Marie Sisley—A shade of pale yellow. Petals broadly margined with bright rose. Sweet and rare.

Mad. Bravy—Creamy white, flushed with delicate rose. Exquisite bud. Fragrant.

Mad. de Vatrey—Crimson, brightened with salmon. Full and sweet.

Niphetos—Pure white, very large. Long, pointed buds. Moderate grower.

Perle des Jardins—Straw color, sometimes deep canary. Large. Beautiful in bud. Popular rose.

Rubens—White, shaded with rose. Beautiful buds. Sweet.

Safrano—Saffron and apricot, tinted with orange and fawn. Semi-double. Free bloomer.

Sunset—Rich, tawny saffron and orange. In every respect, save color, is like its parent, Perle des Jardins.

Souvenir de Therese Levet—Bright, glowing scarlet, changing to rich, velvety crimson. Sweet and fine.

Souv. de Mad. Pernet—Soft rose, shaded with clear yellow. Large and sweet.

Sombreuil—Creamy white, delicately tinted with silvery rose. Very large. Opens flat. Free bloomer.

Valle de Chamounix—Coppery yellow, shaded with rosy blush. A rarely beautiful bud. Weak grower.

MADAM DE WATTERVILLE.

HYBRID PERPETUAL ROSES.

These are among the most valuable of Roses, and, almost without exception, are strong, healthy growers. Generally they do not produce their large, showy blossoms so freely as the tea roses, but they give a grand display in the Spring, blooming at short intervals throughout the season. They require rich soil, and bloom from the old wood.

Anna de Diesbach—A clear shade of carmine. Large, pointed buds. Fragrant. Compact form.

Abel Carriere—Velvety crimson, with a fiery red center. Full and sweet.

Antoine Mouton—Bright, clear pink. Very large, and a free bloomer.

Alfred Colomb—Brilliant carmine crimson. Large and globular. Extremely fragrant. Free flowering.

Black Prince—Dark, velvety crimson, almost black. Cup formed. Fragrant.

Baroness Rothschild—Clear, satiny pink. Large, cup formed. Popular rose.

Baron Prevost—Pure rose. Large, semi-cupped. Fragrant. Free bloomer.

Countess of Oxford—Bright, rosy carmine. Fine buds. Free bloomer.

Coquette de Alps—Pure, translucent white, delicately shaded with carmine. Medium size. A profuse bloomer.

Charles Lefebvre—Velvety, reddish crimson. Large, perfect form. A good rose.

Duchess of Sutherland—Shell pink. Large and sweet. A free bloomer.

Duchess de Caylus—Rich crimson. Large, double, perfect flowers. Fragrant, and a free bloomer.

Eliza Boelle—Pure ivory white, at times delicately tinted with pink. Medium size. A very free bloomer.

Fisher Homes—Dark glowing crimson. Large, imbricated form. Fragrant. Beautiful buds.
Francis Michelson—Bright carmine rose. Large, globular form. Fragrant, and a free bloomer.
Genl. Washington—Bright, shining crimson. Large. Free bloomer.
Genl. Jacqueminot—Rich, velvety crimson. Beautiful in bud. Exquisitely fragrant. Free bloomer.
Giant des Battles—Deep, fiery crimson. Brilliant and rich.
John Hopper—Shining rose, changing to bright, glowing pink. Large and fragrant.
Jean Liabaud—Crimson maroon, brightened with scarlet. Large and fragrant.
Louis Van Houtte—Crimson maroon, very dark. Large. A free bloomer.
La Reine—Glossy rose. Very large. Moderately double. Fragrant.
Marie Bauman—Bright, carmine crimson, shaded to crimson maroon. Large and fragrant. Extra good.
Mad. Marie Closon—Pale flesh, deepening in center to rosy crimson. Petals margined with white. Highly scented. Fine form.
Mad. Chas. Wood--Reddish crimson, shaded to velvety crimson; very large flower; profuse and continuous bloomer; dwarf.
Mad. Annie Wood—Violet crimson, fine form; fragrant; constant bloomer.
Marquis de Bocella—Creamy white and flesh color; center rosy blush, medium size; fragrant and a free bloomer.
Magna Charter—Clear rosy pink flushed with carmine; globular; fragrant.
Mabel Morrison—Pure, snowy white, sometimes flushed with shell pink; very large; globular.
Princess Camille de Rohan—Dark velvety crimson, sometimes almost black; moderately full; very sweet.
Paul Neyron—Shining pink, globular form; free bloomer; the largest rose in cultivation.
Senator Vaisse—Bright flashing crimson, lightened with scarlet; large; perfect form.

CLIMBING ROSES.

This popular class of roses reaches its greatest perfection in California, and forms one of the most desirable groups of the whole family. Give them a chance and your home will be continually wreathed in fragrant blossoms.
Cloth of Gold (Noisette)—Clear, bright yellow; very large and sweet.
Estella Pradel (Noisette)—Pure white, double and sweet; a profuse bloomer.
Gold of Ophir (Noisette)—Bright salmon and fawn, semi-double; habit vigorous.
Glorie de Dijon (Tea)—Creamy white, tinted with amber, salmon and orange; very large.
Lamarque (Noisette)—Snowy white, medium size; profuse bloomer, vigorous grower.
Marechal Neil (Noisette)—Deep, golden yellow, unusually large and beautiful buds; exquisite fragrance.
Reve d'Or (Tea)—Pale orange and buff yellow; buds large and beautiful.
Reine M. Henriette (H. Tea)—Pure, bright cherry red, large, fine bud; free grower.
Washington (Noisette)—White, small, double flower; blooms profusely in immense terminal clusters.
Baltimore Belle (Prairie Rose)—Pale blush, variegated with carmine rose and white; medium size, a vigorous grower.
Banksia—Pure white, small double flowers, delicately fragrant.
" —Clear yellow, small double flowers.

HYBRID TEA ROSES.

Hybrid Tea Roses are destined to great popularity. They are produced by crossing Teas with the Hybrid Perpetuals, and combine the free flowering qualities and delicate shades of one with the vigor and brilliance of the other.
Beauty of Stapleford—Reddish pink tinted with violet; beautiful large buds; fades quickly.
Capt. Christy—Delicate pale peach, deepening to a rosy crimson; very large and double.
La France—Delicate silvery rose, changing to silvery peach blossom; very large and full, globular form; delightfully fragrant, free bloomer.

Pierie Guillat--Dark reddish crimson, large and double, beautiful both in bud and expanded flower, fragrant, profuse bloomer.

Triumph d'Angers—Bright red, changing to velvety crimson; large, fragrant and good.

BENGAL OR CHINA ROSES.

The Bengals are among the most continuous bloomers that we have. They are strong, healthy growers, very useful *en masse* or for hedges.

Agrippina—Rich velvety crimson, moderately double, very free bloomer, and a thrifty grower.

Duchess of Edinburg—Deep crimson, large and lovely buds; moderate grower.

La Phœnix—Bright red shaded with crimson; profuse bloomer.

Queen's Scarlet—Velvety scarlet, bright and striking; moderate grower and a profuse bloomer.

BOURBON ROSES.

The Bourbon Roses are constant bloomers, and like the Bengals are very valuable *en masse* or for hedges; healthy growers.

Appolline—Rosy pink; large cup flowers; profuse bloomer.

Hermosa—Bright rose; a vigorous and constant bloomer.

Queen of Bedders—Rich, bright crimson; very large; short upright grower; always in bloom.

Malmaison—Delicate creamy flesh tinted with fawn and pink; very large, fine in bud and open flower; at times liable to mildew.

POLYANTHA ROSES.

This is an interesting group from Japan, of comparatively recent introduction. They are exceedingly beautiful, deliciously sweet, and among the most constant and profuse bloomers we have. The plant is of low, compact growth. We recommend them to all lovers of rare and beautiful Roses, and believe they will please all who plant them.

Anne Marie de Montravel—Snowy white; perfect miniature flowers; profuse. Large clusters.

Mad. Cecile Brunner—Salmon pink with a deep salmon center; exquisitely formed buds, delicately scented.

Mignonetti—Clear shell pink shading to white and pale rose; miniature fragrant flowers borne in clusters.

Perle d 'Or—Color, coppery gold shading to fawn and salmon; beautiful in bud; elegantly perfumed.

MOSS ROSES.

Moss Roses stand alone in picturesque beauty different and distinct from all others. Their opening buds, half covered with delicate clinging moss of fairy-like texture, command our especial admiration, and well deserve the loving tributes paid them in poetry and song; strong, vigorous growers.

Countess of Murinais—Pure white buds, large and elegantly mossed.

Glory of Mosses—Pale rose, purplish shading; mossy and fragrant.

James Veitch—The only real perpetual moss rose; bright rosy crimson, profuse bloomer.

Chrysanthemums.

So many beautiful and unique varieties of this charming flower have lately been introduced that descriptions have utterly failed to adequately set forth their varied and often fantastic forms. Our collection embraces all of the latest importations, many of which, though lacking names, are superb in color and outline. The names are given of a few standard sorts which have been selected from the Japanese, Chinese, Anemone and quill flowered varieties.

NEW CHRYSANTHEMUMS.

A. K. P. Harmon.—This elegant new California variety has been named in honor of Mr. Harmon, the well known Oakland amateur. It has a large flower with clear, rosy pink, twisted, or curled petals, beautifully dotted with white. Flowers are carried well up on stout stems. One of the best of its color ever introduced. First size $1.00 each. Small plants in the spring, 50 cents each.

CHRISTMAS EVE.

NEW JAPAN IMPORTATIONS.

We are now propagating 100 splendid new varieties which have just been received from Japan, and which will be ready February 1st, '89.

Prices.—In 3-inch pots, $3.00 per dozen, or specimens from the entire collection, 100 varieties, for $15.00 This is an exceptional opportunity to secure something really fine.

JAPANESE SEEDLINGS

Of these we offer 50 choice unnamed sorts, all of them having points of special merit; large blooming plants, $1.00; small plants in 3-inch pots for spring planting, 25 cents each, $2.00 per dozen, $6.00 per 100.

NAMED VARIETIES.

Large blooming plants, $1.00 each. Small plants in 3-inch pots for spring planting 25 cents each; $3.00 per dozen, $6.00 per 100.

Bouquet Fait—Rosy lilac; shaded silvery white.
Early Red Dragon—Dark yellow, streaked with bronze and crimson.
Gloriosum—Bright sulphur yellow; profuse bloomer.
Mrs. Brett—Twisted golden petals; unique.
Mad. Graune—Pure white, beautifully incurved.
Mrs. S. Lyon—Large; creamy white, golden center.
Porcupine—Needle-like petals; rich tan color.
Souce d'Or—Intense yellow, shaded old gold.
Alba Montrosa—Pure white; full and double.
Belle Paule—Soft white; end of petals tipped with light rose.
Elaine—Clear pearly white; one of the best.
Geo. W. Childs—Delicate blush; shaded silvery pink.
J. S. Collins—Bronze orange; shaded Indian red.
Mr. H. Waterer—Deep yellow, base of petals rich apricot.
Mrs. Hoff Beach—Pure Lemon color; very attractive.
Pietro Diaz—Brilliant crimson, large and double; superb.
Timbale d'Argent—Anemone flowered pure white; lemon centre.
Tubiflora—Needle-like flowers; delicate pink, shading to white.
White Vesuvia—Large snowy white; full and double; incurved.
Golden Dragon—Deep yellow, broad ribbon like petals.
Duchess—Rich crimson; shaded copper.
La Neige—Pure white, profuse bloomer.
Mrs Geo. Rundell—Snowy white; beautifully incurved.
Ben d'Or—Pure golden yellow; incurving to form ribbon-like balls.
Cullingfordii—Dark mahogany crimson, extra fine.
Comte de Germiny—Old gold and Indian red; extra.
Christmas Eve—Pure snowy white; very late bloomer.
Fantasie—Shell pink, shading to creamy white.
James Salter—Clear golden yellow; beautifully incurved.
Jennie Y. Murkland—Bright apricot yellow; very fine.
Lady Slade—Beautiful shade of lilac pink; splendidly incurved.

Pelargoniums.

Those who have never grown a collection of Pelargoniums in California have no idea of their great beauty. They furnish at nearly all seasons of the year a profusion of flowers whose unique colorings baffle all description.

Prices. 40 cents each, except where noted; entire collection of 25 splendid sorts, $10.00.

Beauty of Oxton—The upper petals are of a very rich maroon, darkly blotched; under petals very dark crimson, shaded with maroon, light center; all the petals margined with white, and beautifully fringed; flowers large and full.

Black Prince—Deep blotch covering greater part of petals, shading of reddish color, lighter margin; very dwarf and free. 50 cents.

Captain Rakes—The trusses are numerous and large, whilst the individual flowers are large and full; upper petals deep fiery crimson. 50 cents.

Docteur Andre—Blush pink ground, the margins of petals elegantly fringed, quite unique.

Dr. Masters —Large black blotches in the center, margin rich crimson, lower petals small blotch, broader margin than upper. 50 cents.

Dutchess of Bedford—Flowers pure white, light pink spot on top petals.

Fred Dorner—Throat and edge of petals pure white, each petal shaded towards the center with a rich carmine pink, with a glowing crimson blotch on each petal. 50 cents.

Glorie de Paris—Scarlet; early bloomer.

Improved Triumph de' St. Maude—Fine reddish maroon, very intense colored blotch in upper petals; very attractive. 50 cents.

Jewess—Rosy suffused carmine; lilac edge.

Lord Derby—Shaded rosy magenta, white margin and throat; distinct.

Mabel—Dark maroon top, narrow edge, a heavily painted flower, fine free habit and bloomer.

Mme. Boucharlat—Blush, small maroon blotch on upper petals; semi-double; very free blooming; 50 cts.

Madame Vibert—Fine, black maroon blotches, bordered fiery red, the flower entirely edged with rose; vigorous grower; fine habit and free bloomer.

Milton—Large pure white flower, upper petals blotched maroon.

M. Ph. Zeller—Deep red, blotched on each petal with maroon; extremely attractive.

Mrs. John Saul—Habit compact and very free flowering, producing large trusses of charming flowers; the color is rich glowing vermillion, with a light center and light margin of the petals.

Prince of Wales—Bright vermillion, with light center and edges; very free blooming. 50 cents.

Queen Victoria—The flowers have peculiarly crispy petals; they are not really double, but from their full forms and extra number of petals they have that appearance. The color is rich vermillion; all the petals broadly margined with pure white, and the upper ones blotched with maroon. 50 cts.

Striata Elegans—Flowers large, magenta rose, being flecked or barred with elegant bluish mauve.

EVER BLOOMING PELARGONIUMS.

These fine varieties of Pelargoniums are all Seedlings of Fred. Dorner, crossed with the pollen of Dr. Andre; they are of vigorous habit; combining the free flowering quality of Fred Dorner, with the large flowers of Dr. Andre.

California—Peach color, suffused purplish lilac, crimson blotch, striated maroon on upper petals; very showy, in bloom the whole year 50c

Eureka—Very vigorous, flowers twice the size of Dr. Andre; white, slightly shaded with pink, fine maroon blotch on upper petals; very free bloomer 50c

Flornece—Flowers of a bright crimson maroon, with white throat, and black spot on upper petals; very early and continuous bloomer 50c

Occident—Rosy lilac, suffused peach color, dark maroon blotch, flamed crimson on upper petals; very large flower 50c

Perpetual—Purplish rose; upper petals blotched with dark maroon, flamed with rosy crimson; very elegant and free flowering 50c

Carnations.

Many popular flowers are attractive only in color, but the Carnations, with their lovely colors and sweet clove fragrance, have found a specially warm place in the heart of the American people. They are so universally planted and admired, that a general description is not necessary.

NEW CARNATIONS.

Big Bertha—A California seedling of great promise. Very large, pearly white. Fimbriated. A vigorous grower and profuse bloomer. 3 in. pots $1 each.

Mrs. Langtry—A meritorious California seedling. Very large, perfect flower. A rare shade of reddish carmine. Fine grower and bloomer. 3 inch pots $1 each.

GENERAL COLLECTION OF CARNATIONS.

Our collection embraces 35 of the choicest varieties in cultivation, each of which has individual merit. Large blooming plants 50 cents each, $5 a dozen. 3 inch pots $1 per dozen, $10 per 100. Collection of 25 choice sorts in 3 inch pots, $2.

Clematis.

The clematis is worthy of the widest dissemination, and a foremost place in every collection. No flower has so rapidly advanced in popular favor as the Clematis. Within a few years it has become the favorite climber of the world. It makes a quick, rapid growth, and produces its beautiful, showy flowers in the greatest profusion. For pillars, trellises, bedding in masses, or planting about rock-work the Clematis cannot be excelled.

Price, 75 cents each, except where noted.

PATENS TYPE.

Albert Victor—Flowers flat, five or six inches across freely produced; deep lavender or pale mauve. Blossoms from April to June.

Lord Londesborough—Flowers large, deep mauve or bluish lilac, petals traversed with coppery tinted purplish red bar. Blossoms in May.

LANCUNOSA TYPE.

Large flowered, Summer and Autumn bloomers, flowering successively on short lateral summer shoots the flowers dispersed.

Beauty of Surrey—Light greyish blue. July to October.

Duke of Norfolk—A very deep mauve color, with a broad, pale bar. June to October.

Excelsior—Rich, deep mauve, occasionally double. July to October.

Gem—Deep lavender blue. June to October.

Glorie de St. Julien—French White, very large flowers, sometimes as much as 11 to 12 inches in diameter; plant very vigorous, first class in every way. July to October.

Henryi—Large, finely formed, of a beautiful creamy white. July to October.

Jeanne d'Arc—A bold, free growing, and vigorous variety, flowers 7 inches or more across; of a greyish or French white color. June to November; price, $1.00.

Lanuginosa Candida—Tinted greyish white; fine. July to November; price, $1.00.

Lawsoniana—Rosy purple, slightly marked with darker veins. July to October.

Madame Thibant—A fine, vigorous variety, rosy purple, with a pink bar. July to November; price, $1.00.

Princess of Wales—A deep bluish mauve; with a satiny surface. July to October.

Purpurea Elegans—Deep violet purple; fine. July to October.

Robert Hanbury—A bluish lilac, flushed at the edge with red. June to October.

Samuel Moulson—Mauve, with a reddish tint on the base. June to October.

William Kennett—Deep lavender. July to October.

JACKMANNI TYPE.

Mostly large flowered Summer and Autumn bloomers, flowering successively in profuse continuous, masses on Summer shoots.

Gypsy Queen—Bright, dark velvety purple. July to October.
Guiding Star—Purplish shaded crimson. July to October.
Jackmanni Intense violet purple, one of the very best varieties. June to November.
" **Alba**—A strong growing sort; like foregoing variety, with white flowers; price, $1.50.
Madame Grange—Crimson violet, red bar in the center. July to October.
Rubella—Rich Claret purple. July to October.
Rubra Violacea—Maroon purple. July to October.
Victoria—Deep reddish mauve. June to October.
Mrs. Villiers Lister—White, tinted at the base, with pale rosy lilac. May to June.
Standishii—Light mauve purple. May to June.
Stella—Light violet or deep mauve, with a distinct bar in the center of each petal, of a deep reddish plum color. May to June.
The Queen—Lavender or mauve, lilac tint. The flowers are primrose scented and six inches across. May to June.

FLORIDA TYPE.

Large flowered, Summer bloomers, flowering from the old or ripened wood.
The following all bear double flowers.
Barillet Deschamps—Flowers large, of a fine satiny mauve color. June.
Belle of Woking—Bluish mauve or silver grey; the innermost sepals having here and there a dash of reddish lilac.
Duchess of Edinburgh—The best of the double, pure whites, deliciously scented. June to July.
Lucie Lemoine—White, rosette-formed, pale yellow anthers. April to July.

Rhododendrons.

Our collection of specimen Rhododendrons is without doubt the largest and finest on the Coast, and contains many rare varieties which are difficult to obtain. Prices upon application.

Azalias.

Of Azalias, we have a fine collection, and our plants are unusually well grown. Prices, (all colors), each, from.....50c to $25 00

Palms.

We have a fine stock of these noble decorative plants, but this year only offer those varieties which from their hardiness have proved most satisfactory for general planting.

Brahea Filamentosa—Immense thready leaves, robust grower.....75c to $5 00
Chamærops Excelsa—Dwarfish fan palm.....$1 50 to $5 00

Phœnix Dactylifera, (Date of Commerce)—Rapid grower, long pinnate leaves.....$1 00 to $5 00
Rhapis Flabeliformis—Bushy grower exceedingly graceful.....$2 00 to $20 00
Dracæna Stricta, (*Australis*)—A palm like tree, invaluable in landscape gardening.....$1 00 to $3 00

The Moon Flower.

THE MOON FLOWER.
(*Ipomœa Grandiflora.*)

This is the true "Moon Flower," which for several years has been the wonder and admiration of the country. Sometimes on dull foggy days it will expand its large snowy flowers, but usually about sundown the long pointed buds unfold with a snapping sound. The flowers have a slight jasmine fragrance, and at times are so abundantly produced as to almost conceal the vines. The plant is such a rapid grower that only a few months are required to cover a wall or the entire side of a house. The effect by moon light is wonderfully chaste. We can fully recommend the "Moon Flower" to our customers, feeling assured that they will be greatly pleased with their purchase.

Price, each ..... 25 and 50c ; per doz..... .....$2.00 and $4.00

General Collection of Plants.

" **Russian**—Handsome foliage; large single blue flowers, per doz.....50c

Flower Seeds.

The seeds we offer are all perfectly fresh, and every possible precaution has been taken to have them exactly true to name. They have been procured from the most reliable growers, and only those varieties are offered which we are sure will prove in every way satisfactory to our patrons. Our packages contain many more seeds than the average packages offered at the same prices.

It is best to plant most seeds in shallow boxes or frames where they can be protected to some extent. The soil should be first pulverized, finely and gently packed. Sow the seeds thinly in rows or broadcast Then sift over them a little more soil, and pack quite firmly. Cover lightly with a coating of pulverized moss or cocoanut dust. Transplant into roomier quarters as soon as second leaves have been made.

Per pkge.

Abutilon (Chinese Bell Flower). Free blooming; shrubs with handsomely varied and striped, bell-shaped flowers. Finest mixed varieties, red, white, rose, orange, etc.....25c

Wild Flower Seeds.

In California, there are a great many beautiful wild flowers which are highly prized in other parts of the United States and in Europe. The beauty of our own gardens would be greatly enhanced if we paid more attention to this class of flowers. We have at some pains succeeded in making a collection of twenty-five varieties, which we are sure will afford great satisfaction to purchasers.

Each variety per package 15c

All the 25 varieties $2 50

We have also beautiful dried wild flowers arranged on cards for Holiday presents from 10c to $1.00.

ONLY A PANSY BLOSSOM.

Pansies are universal favorites, and always will be. Perhaps their sometimes fancied look of intelligence has something to do with the esteem in which they are held by older people as well as by children. They reach here their greatest perfection, and the accompanying cut is no exaggeration of what may be seen in many California flower gardens. They have been greatly improved of late years, and by a little care can be kept in bloom nearly all the year.

The Pansies love a cool, moist situation. They do best when partially shielded from the noonday sun, when exposed to its full force they grow and bloom, but the blossoms are smaller.

Pansy Premier Mixed. A beautiful French strain; flowers large, and the colors and markings are exceedingly beautiful 50c

" **Trimardeau** or **Giant.** For size no strain can equal this, but the flowers lack form and the variety of colors is not large though good, each flower having 3 large blotches 25c

" **Odier** or **Five Blotched.** A beautiful strain, perfect in size and form of flower, containing many beautiful colors; each of the 5 petals is marked with a large dark blotch; very effective.. 25c

" **English Show.** Extra choice mixed, from one of the best collections in England 50c

" **German Finest Mixed,** including many colors 25c

" **Good Mixed** 15c

PANSIES IN SEPARATE COLORS.

Bronze Edged Rose 10c
Rose Marbled 10c

Special Low Priced Collections.

All $1 collections sent free by mail.

Purchasers are, however, strongly advised to order all collections sent by express, in which case extra bulbs or plants will always be added, to cover express charges.

It must not be inferred from the low price at which our collections are offered, that they are made up from inferior stock; on the contrary, they are selected from the best and most distinct varieties. The large numbers of plants and bulbs which we dispose of in this way enables us to make these extremely liberal offers.

Two $1 collections will be sent for..... $1.75

Tuberose Pearl.

This is without question the finest of all tuberoses, producing abundantly, its large, fragrant blossoms on low, compact stalks. Our stock of large flowering bulbs is unusually fine and is true to name.
Each 10c ..... Per doz..... 75c

Gladiolus.

The strains of gladiolus which we offer are remakably fine, including as they do the choicest of the importations from Europe.
Named varieties, each .....25c Per doz.....$2.50
Mixed varieties, each .....10c " "..... 1.00

Dahlias.

Our collection of these popular, showy flowers has been made with the greatest care, and includes only the best varieties.
Single sorts, each.....20c
Double sorts, each 25c

Standard Roses.

We wish to call special attention to our stock of Standard Roses. It contains specimens from nearly all the leading varieties of roses worked on vigorous, smooth, straight stocks—**"Rose Trees."**

In California these grow much more satisfactorily than in any other part of the United States, and become really small trees flowering profusely nearly the whole year. When at their best they are certainly worthy of the ardent admiration which is universally accorded them.

Price, extra strong, each.....$1.00 New varieties, each.....$1.50

Pampas Plumes.

California Pampas Plumes have become famous throughout the world for their great size, rich color and beautiful, soft texture. Our trade in these has grown to considerable proportions, and we are prepared to furnish plumes of the finest quality in large or small quantities.

First size, per doz.....$1 00 First size, per 100.....$7.50
Second size, per doz.....75c Second size, per 100.....$6.00

Ficus Elastica.

This has proved to be one of the most valuable ornamental shade trees ever introduced into California. It is entirely hardy in a large portion of the State. It is a very rapid grower, and has immense dark green, glossy leaves. Price, each.....50c. to $3.00

Camphor Officialis.

This is the camphor tree of commerce, and has become quite popular in California on account of its highly ornamental appearance, and the pleasant, pungent odor of its leaves. The tree has an abundance of graceful branches, and bears smooth, evergreen glossy leaves. Good plants, each,.....50c.

Canna Ehemani.

This is entirely distinct from all the other cannas. It has an abundance of rich green banana-like foliage, and grows to the height of from 5 to 10 feet. The flowers, 2 or 3 inches in length, are continuously produced in loose masses on slender flower stalks. Their color is a dark glowing crimson. It is one of the very finest decorative plants we have in California. Price.....25 to 50c

Hedge Plants.

Prices, per 100 or 1000 on application.

MONTEREY CYPRESS.

This is very generally used for hedges and screens. It stands clipping into any shape remarkably well.

LAURESTINA.

A beautiful shrub producing in season clusters of pretty white flowers. Being a rapid, healthy grower it makes a very desirable hedge.

Annuals.

We can furnish plants of the choicest annuals, astors, pansies, &c, in the proper seasons. Only fine healthy plants grown from the best seeds can be supplied.

Chrysanthemums.

VERY SPECIAL.

THE FINEST 100 VARIETIES EVER OFFERED IN THE UNITED STATES.

THERE ARE NONE IN AMERICA WITH WHICH TO COMPARE THEM.

A few months ago we sent a collector to Japan with orders to search the land aud purchase, regardless of expense, the cream of all the new Japanese varieties. His efforts were crowned with success. He brought back about 200 superb varieties, out of which collection we now offer 100, most of which can not be duplicated even in Japan, as we took care to buy up the whole stock when possible. This is without doubt the best 100 varieties ever offered in the United States. While they are not named, never before having been offered for sale, they have been carefully numbered and described while blooming in our grounds.

3-iuch plants, ready in February, '89, 30 cents each; $3.00 per dozen.

The entire collection, $15.00

Persons who desire them should speak quick, as orders will be booked and delivered as they are received until the stock for sale has been exhausted.

Cut ✦ Flower ✦ Department.

During this year Five Large, New Green Houses have been erected at our Blanding Avenue Nursery in Alameda, and the entire establishment has been overhauled. We have put in an expensive and complete Steam Heating Apparatus—the only one west of the Rocky Mountains. Our facilities for the production of CHOICE CUT FLOWERS are unexcelled.

In our Store 343 Kearny Street, there may always be found a choice selection of Cut Flowers, Fancy Floral Baskets, Willow and Wire Designs, Cut Flower Glasses, etc.

A Branch Store has been established at 3[illegible] Valencia Street, S. F., to accommodate our numerous customers in that part of the City.

Our Employees are skillful manipulators of flowers, having well-known artistic taste and executive ability. Loose Flowers or designs ordered in person, by mail, or by telegraph, always receive prompt and careful attention. All orders, large or small, receive the personal attention of one of the proprietors.

Our City friends, or strangers visiting the City, whether intending purchasers or not, are cordially invited to visit our Stores and Nurseries, where there is always something of interest to be seen.
